## What FCM has achieved for members

FCM has a **proven track record of advocating for the needs of municipalities** to the federal government. Amid a context of uncertainty, local leaders can rely on FCM to bring municipal priorities to the federal agenda.

We have secured funds to help municipalities **provide more housing** to those who need it most. By securing these funds, FCM is helping municipalities tackle homelessness and addressing the ongoing issues of encampments seen throughout the country.

We are also actively championing your local infrastructure priorities by advocating for continued funding of the **Canada Community Building Fund** and the **Canada Housing Infrastructure Fund**, all while pushing for the next generation of infrastructure programs.

We're continuing our work with the **Green Municipal Fund**. In 2024, two new initiatives were launched: the **Growing Canada's Community Canopies**, which supports the planting of at least 1.2 million trees, as well as the **Local Leadership for Climate Adaptation** program, where local governments are provided funding for long-term climate resiliency projects.

But that's not all—we are empowering local governments to make on-the-ground changes for a more resilient Canada through the development of a new **Municipal Growth Framework**. Parliamentarians recognize FCM as a key stakeholder and know that this Framework will allow municipalities to tackle Canadians' challenges without increasing their taxes.

**Joining FCM means playing a decisive role in the future of communities of all sizes. It means collaborating as a team to further reinforce the foundation of a country that reflects us, unites us and fills us with pride.**
